

21. *Pheidole crassicornis* Emery. Walhalla, Clemson College (M. R. S.); Sumter (D. E. R.).
22. *Pheidole tysoni* Forel. Walhalla (M. R. S.).
23. *Pheidole metallescens* subsp. *splendidula* Whlr. Clemson College (J. E. W.); Florence (O. L. C.); Seneca, Calhoun, Easley, Fountain Inn, Greenwood, Spartanburg, Gaffney, Aiken, Leesville, Columbia, Cameron, Charleston (D. E. R.). Workers are easily recognized by the beautiful violaceous reflections of their bodies.
24. *Myrmecina graminicola* subsp. *americana* Emery. Walhalla, Pendleton (M. R. S.).
25. *Crematogaster lineolata* Say. Clemson College (J. E. W.); Walhalla (M. R. S.); Columbia (D. E. R.).
26. *Crematogaster lineolata* var. *lutescens* Emery. Clemson College (M. R. S.).
27. *Crematogaster laeviuscula* Mayr. Florence (O. L. C.); Calhoun, Piedmont, Abbeville, Batesburg, Sumter, Gaffney, Blacksburg, Edgefield, Lancaster, Charleston, Marion (D. E. R.).
28. *Crematogaster laeviuscula* var. *clara* Emery. Abbeville (D. E. R.).
29. *Crematogaster ashmeadi* Mayr. Fairfax (P. K. H.); Westminster, "The Tunnel" near Walhalla (J. E. W.); Liberty, Fountain Inn, Belton, Spartanburg, Gaffney, Union, Buffalo, Johnson, Pinewood, Rion (D. E. R.).
30. *Crematogaster victima* subsp. *missouriensis* Pergande. Clemson College (M. R. S.).
31. *Crematogaster minutissima* Mayr. Columbia (D. E. R.).
32. *Crematogaster opaca depilis* var. *punctulata* Emery. Rocky Bottom (W. C. N.).
33. *Aphaenogaster mariae* Forel. Walhalla (M. R. S.). A rare species which can easily be recognized by the prominent longitudinal striations at the base of the worker's gaster.
34. *Aphaenogaster treatæ* Forel. Walhalla, Clemson College (M. R. S.); Columbia (D. E. R.). The prominent lobe at the base of the antennal scape clearly distinguishes the worker of this species.
