

Enumeration of species.....	25
1. <i>P. acantha</i> sp. nov.	25
2. <i>P. aglae</i> Forel.....	27
3. <i>P. angulicollis</i> sp. nov.	30
4. <i>P. annexus</i> sp. nov.	32
5. <i>P. aristotelis</i> Forel.....	34
6. <i>P. bugi</i> Wheeler.....	37
7. <i>P. butteli</i> Forel.....	39
8. <i>P. cariniceps</i> sp. nov.	41
9. <i>P. cingulata</i> (Fr. Smith).....	43
10. <i>P. clypeocornis</i> sp. nov.	44
11. <i>P. comata</i> Fr. Smith.....	45
12. <i>P. deltea</i> sp. nov.	47
13. <i>P. elisae</i> Emery.....	49
14. <i>P. fantasia</i> Chapman.....	51
15. <i>P. fervens</i> Fr. Smith.....	53
16. <i>P. ghigii</i> Emery.....	55
17. <i>P. gombakensis</i> sp. nov.	57
18. <i>P. havilandi</i> Forel.....	59
19. <i>P. hortensis</i> Forel.....	61
20. <i>P. huberi</i> Forel.....	64
21. <i>P. inornata</i> sp. nov.	66
22. <i>P. kikutai</i> sp. nov.	67
23. <i>P. lokitae</i> Forel.....	69
24. <i>P. longipes</i> Fr. Smith.....	71
25. <i>P. lucioccipitalis</i> sp. nov.	73
26. <i>P. manukana</i> sp. nov.	75
27. <i>P. megacephala</i> (Fabricius).....	77
28. <i>P. merimbun</i> sp. nov.	79
29. <i>P. modiglianii</i> Emery.....	81
30. <i>P. montana</i> Eguchi.....	83
31. <i>P. orophila</i> sp. nov.	85
32. <i>P. parvicorpus</i> sp. nov.	85
33. <i>P. plagiaria</i> Fr. Smith.....	88
34. <i>P. planidorsum</i> sp. nov.	91
35. <i>P. plinii</i> Forel.....	92
36. <i>P. poringensis</i> sp. nov.	94
37. <i>P. quadrensis</i> Forel.....	96
38. <i>P. quadricuspis</i> Emery.....	98
39. <i>P. quinata</i> Eguchi.....	100
40. <i>P. rabo</i> Forel.....	102
41. <i>P. retivertex</i> sp. nov.	104
42. <i>P. rugifera</i> sp. nov.	106
43. <i>P. sabahna</i> Eguchi.....	108
44. <i>P. sarawakana</i> Forel.....	110
45. <i>P. sauberi</i> Forel.....	112
46. <i>P. sayapensis</i> sp. nov.	114
47. <i>P. spinicornis</i> sp. nov.	116
48. <i>P. submonticola</i> sp. nov.	117
49. <i>P. tawauensis</i> sp. nov.	119
50. <i>P. tenebricosa</i> sp. nov.	121
51. <i>P. tjibodana</i> Forel.....	123
52. <i>P. upeneci</i> Forel.....	125
Biogeographical patterns in Indo-Malayan <i>Pheidole</i>	128
Similarity among <i>Pheidole</i> faunas of some intensively studied areas within the Indo-
