

ACKNOWLEDGMENTS

We would like to thank Prof. Shan-Yi Zhou, College of Biology, Guangxi Normal University, for guidance in species identification and providing many references about ant taxonomy. We are grateful to Dr. Donat Agosti, American Museum of Natural History, for offering Prof. DuBois' paper on Oriental *Stenammas*. We express our gratitude to Xiao-Jin Jing, Gong-La Deng, Chao-Zhong Zhang and Ming Su, Shaanxi Normal University, for their help in collecting. We also give thanks to the staff of Foping National Nature Reserve for their help in our fieldwork. This paper is funded by the Natural Science Basic Research Plan in Shaanxi Province of China (2005C₁14) and the Department of Graduate Studies of SNNU (2006CXS020).
