CORRECTION TO THE SYNONYMY OF THE ANT CAMPONOTUS FORMOSENSIS WHEELER.—In a joint paper (Yasumatsu and Brown, 1951, Jour. Fac. Agr., Univ. Kyushu, 10, cf. p. 42), the synonymy of Camponotus formosensis is cited incorrectly. Due to an unfortunate clerical error, the name Camponotus maculatus taylori var. formosae Wheeler and the variant nomenclatorial equivalents C. barbatus albosparsa var. formosae, Emery and C. barbatus taylori var. formosae, Teranishi were wrongly included in this formal list of synonyms and must now be removed. The variety formosae, whatever may be its relationship to maculatus or barbatus, is of course not at all closely related to C. formosensis or any other member of the C. herculeanus group.—W. L. Brown, Jr., Museum of Comparative Zoology, Harvard University.
