

pecie ocorre tambem no Brasil, pois ultimamente recebi abundante material de operarios, femeas e machos de Nova Teutonia, Sta Catharina, FRITZ PLAUMANN leg. ("unter einem grösseren Stein, in einem röhrenförmigen Gang") 23-IX-1936 (Nr. 44). As formas sexuadas foram recentemente (1927), descriptas por SANTISCHI que julga tratar-se de uma especial lestobiotica.
