

Figures 5-7, *Pheidole embolopyx* sp. nov., queen, composite drawings from two specimens, one from collection M-77 (type nest) and one from M-60. Figure 5, head in full-face view. Figure 6, gaster viewed from behind to show face of "plug." Figure 7, side view of the whole insect. Drawings by Margaret Menadue, Frances McKittrick and the author, all drawn to the same scale, which is different from that of Figures 1-4.
