

ACKNOWLEDGMENTS

To the staff of the Museu de História Natural of Coimbra for comments about the original material of Santschi. To C. Baroni Urbani (then at the Naturhistorisches Museum Basel) for the loan of type material of *F. frontalis* and to K. Yamauchi (Gifu, Japan) for the loan of samples of *F. truncorum*. We also thank Cedric A. Collingwood for the comments on doubtful samples and for his kind acceptance at Skipton in 1996; and for all the efforts he has done on helping iberian myrmecology.
